MDC, an ISO 9001 and ISO 14001 accredited company, is proud to announce the release of Vantage, its new Australian made Executive Furniture range.

Vantage really stands out from the crowd with its exclusive finishes and exciting new designs.

Constructed from 33mm melamine panels, vast yet elegant work surfaces are created, complete with a Shark Tip edge feature. With its exclusive styling, and use of contemporary finishes, Vantage offers design flexibility that is surprisingly affordable.

Utilising the best in modern materials and manufacturing technology, Vantage is unsurpassed in quality and dimensional accuracy, making it easy to tailor a solution to your exact needs.

Vantage is manufactured in the latest designer colours from the Laminex Commercial Palette which features harmonious decors for commercial environments that reflect current trends. With office environments being driven by design, businesses are placing more importance on creating tailored, beautiful and inspired workplaces.

Hafele Australia provide quality hardware for the entire range, including precision locks and full extension ball bearing drawer runners, which are covered by a lifetime guarantee.

Your new corporate profile begins with a smart, efficient and striking Vantage Reception desk, continues confidently through your office with an Executive suite, whilst a Vantage Boardroom Table fitted with Thinking Ergonomix table base and power / data management completes the stunning picture.

Vantage is unrivalled in its specification, quality and style, and will provide you and your company with an unparalleled working environment.

Not surprisingly, Vantage carries a 10 year warranty.
